WHAT'S INCLUDED?

Inside this pack, you'll find both **Static** and **Animated** POWERED BY **KLIPY** attribution assets, ready to be added to your product for proper integration.

Static folder

This folder includes mobile-friendly and desktop-ready logo variations, built to work on light and dark backgrounds. Use these to add KLIPY attribution with minimal effort and maximum visual harmony.

Animated folder

Here you'll find editable PSDs and a quick customization guide, making it easy to tailor the animated badges to fit any size or style.
